Why You Should Always Vote

DEMOCRAT

Democrats stand up for real issues and people! You must vote Democrat if...

YOU WANT BETTER SCHOOLS

Democrats know that the key to expanding opportunity is to provide every child with a world-class education. We will ensure that our schools have the resources they need to help students meet high standards. We will help expand educational opportunities for college by providing relief from skyrocketing tuition, increasing the size and access to Pell Grants and supporting proven programs that encourage more young people to attend and succeed in college.

YOU WORK FOR A PAYCHECK

Democrats are working people. We fight and stand together for overtime pay, a decent wage, fair work rules, a safe working environment, unemployment insurance, and workmen's compensation. We recognize the importance of collective bargaining in a free society and fair treatment of all people in the workplace. In the past decade, Democrats have brought more jobs to Alabama and will work tirelessly into the future to continue that effort.

YOU WANT A BETTER HEALTHCARE SYSTEM

In the wealthiest, most powerful nation on earth, no one should have to choose between taking their child to a doctor and paying the rent. Democrats are committed to making sure every single American has access to affordable, effective health care coverage. We want to fix the Medicare Part D program and ensure our seniors can afford their prescription drugs.

YOU ARE A SMALL BUSINESS OWNER

Democrats are determined to provide economic opportunity for all Alabamians, and small local businesses are where most jobs are created. We are committed to growth of industry and agriculture, and fair competition where entrepreneurship and hard work pay off. We also understand the hardship of providing healthcare to employees and we are committed to implementing plans to help employers and employees afford healthcare.

YOU DEMAND FAIRER TAXES

Taxes are not easy for anybody - especially for people who work for a living. But if we want schools, roads, public safety and other important services we all must chip-in some. Democrats believe that our state's taxes should not be on the shoulders of those who are least able to pay. Those who benefit most from our free enterprise system should bear their fair share of the burden. We will continue to work toward a progressive tax system that is fair to all.

YOU CARE ABOUT LAW AND ORDER AND PUBLIC SAFETY

The Democratic Party stands for law and order, and for increasing the fight against crime. We are for strengthening our law enforcement capabilities, for equal justice under the law, and for adequate funding for police and firefighters. We work for better and more responsive courts that hold all people and companies accountable for the wrong they commit.

YOU WORRY ABOUT WHAT WILL HAPPEN TO SOCIAL SECURITY AND MEDICARE

Democrats believe that our seniors should not live their lives in poverty and fear. We believe that there is a responsibility between generations, and that Social Security and Medicare are programs forged from that bond. We created these programs, and we are the one's fighting to strengthen and protect them today. They are not retirement programs to be privatized, but are an American commitment, which says that we will care for those who have come before us, just as they have cared for us.

Stand up and support all Democrats!
